

# ATM Surcharge Rebate Program

**Provides the ability to rebate ATM surcharges to specific groups of members.**

You set the maximum number of surcharges to rebate per member for the period, as well as the maximum dollar amount of rebate per surcharged transaction. This program gives you the ability to report on all transactions/accounts that have paid a surcharge for a specific period.

- Networks currently supported:
  - EDS
  - First Data
  - COOP/Deluxe
  - Shazam
  - STAR

#### **Load Surcharge Data program options:**

- Table of BINs and card types to load data.
- List of Spectrum commands to exclude from loading.

#### **Fields loaded to the PSCHARGE database**

Account, Suffix, Entry-Date, Sequence, File-ID, ATM-ID, Reg E Key, Network-Sequence, Network date, Settle amount, Surcharge amount

#### **Surcharge Rebate program options:**

- Run mode - Update or NoUpdate
- Maximum amount to rebate per surcharge
- Maximum number of surcharges per period
- Maximum amount of surcharge rebate for the period
- Rebate description
